VERIFICATION OF INTENT
Arkansas State Plan on Aging
Fiscal Years 2020 – 2022

The State Plan on Aging is hereby submitted for the State of Arkansas for the period of October 1, 2019 through September 30, 2022. It includes all assurances, as well as plans to be implemented by the Division of Aging, Adult, and Behavioral Health Services of the Arkansas Department of Human Services under provisions of the Older Americans Act, as amended, during the period identified. The State Agency named above has been given the authority to develop and administer the State Plan on Aging in accordance with all requirements of the Act and is primarily responsible for the coordination of all State activities related to the purpose of the Act, such as the development of comprehensive and coordinated systems for the delivery of nutrition, in-home and supportive services, and to serve as the effective and visible advocate for the elderly in the State.

This plan is hereby approved by the Governor and constitutes authorized to proceed with activities under the Plan upon approval by the Assistant Secretary of Aging.

The State Plan on Aging hereby submitted has been developed in accordance with all federal statutory and regulatory requirements.

Jay Hill, Director, Division of Aging, Adult, and Behavioral Health Services
Date

Cindy Gillespie, Director, Arkansas I
Date

I hereby approve this State Plan on Aging and submit it to the Assistant Secretary for Aging for approval.

Asa Hutchinson, Governor, State of Arkansas
Date
EXECUTIVE SUMMARY

Overview
The Arkansas State Unit on Aging (SUA) is the Division of Aging, Adult and Behavior Health Services (DAABHS), within the Arkansas Department of Human Services. DAABHS serves as the focal point for all matters concerning older Arkansans; serves as an effective and visible advocate for the aging population; gives elderly citizens a choice of how and where they receive long term care services; and plans, coordinates, funds and evaluates programs for senior adults. This Division operates several community-based services for Arkansas’ aging population including: the Older Americans Act Unit (OAA), Home and Community-Based Waiver Services (HCBS), Adult Protective Services (APS), Long Term Care (LTC) Ombudsman, and various other programs and grant-funded projects. These programs and projects create a critical system of supports and services vital to Arkansas seniors, their families, and caregivers.

The mission of the Division of Aging, Adult, and Behavioral Health Services is to promote the health, safety, and independence of Arkansans through effective prevention, quality treatment, and meaningful recovery.

The State of Arkansas is divided into eight different Program Service Areas (PSAs). The number of full-time staff in each AAA/PSA varies, with the largest being Region 8, having 186 full-time employees, and the smallest being Region 7, having 18. The other regions range between 54 and 95 full-time staff.

The previous state plan was developed in 2015 and examined 2013 population estimates from the U. S. Census Bureau. At that time, the total population in Arkansas was 2,933,369. The number of persons aged 60 or older was 601,493, with 62,743 of these residents being low-income and 17,538 being low-income minorities.

According to the U. S. Census Bureau’s 2016 estimates, the total population of Arkansas is 2,968,472. This is a 1% percent increase since 2013. In addition, Arkansas is ranked 10th in the Nation for percentage of persons 60 and above. Just over 21% percent of these residents are aged 60 or older.

Compared to 2013, this number has increased approximately 7% percent. Of these seniors, 65,229 are considered low income. This is 10% percent of Arkansas seniors.

Even though, the population has grown, federal funding across the board for the aging network has not kept pace with the increase in both the cost of living and service demands. The annual budget for SFY 2020 is $54,480,801.

Plan Purpose and Development
The purpose of the Arkansas State Plan on Aging is to serve as a comprehensive document which can provide direction for planning, implementing, and providing long-term care efforts. In addition, DAABHS envisions the State Plan serving multiple functions including:
• Documenting the tangible outcomes planned and achieved as a result of state long-term care reform efforts;
• Translating activities, data, and outcomes into proven best practices, which can be used to leverage additional funding;
• Providing a blueprint that spells out the activities the state will undertake in modernizing its long-term care system; and
• Building capacity for long-term care efforts in the state.
The development of this plan was based on input from various individuals and entities. Initially, an Advisory Committee was formed including the following: 7 AAA Directors, 3 AAA Chief Financial Officers, 5 DAABHS Representatives, 1 Governor’s Advisory Council on Aging Representative, and 1 Silver Haired Legislators Alumni Association Representatives/Seniors.

In addition, meetings, emails, and phone calls were conducted with AAA staff throughout the State. Information received has been beneficial for developing ideas, identifying program needs, and reflecting on the history of the aging network in Arkansas. Two different surveys were developed and distributed to members of the aging network in Arkansas. The first survey focused on opinions of professionals from AAAs, service providers, and senior related organizations. A second survey, conducted via Survey Monkey, was developed and distributed to various seniors from all over Arkansas. Over 400 responses were received and analyzed. A Public Hearing was also held to solicit input from the public regarding the Arkansas State Plan. This included attendance from the central AAA and OAA staff.

**Strategic Planning**

The Arkansas State Plan on Aging was developed around the goals previously provided by ACL. Because of the feedback provided through the various methods explained above, objectives were established to assist the senior population in Arkansas. The following includes a sampling of some of the objectives included in the strategic plan.

Empower older people, their families, and other consumers to make informed decisions about and easily access existing health and long-term options:

- DAABHS will improve access to Long-Term Services and Supports (LTSS) Home and Community Based Services for older adults, informal caregivers, and the aging population; and
- Mental health issues will be addressed through in-services and the implementation of evidenced-based, AoA approved programs pertaining to mental health awareness, issues, resolutions, and referrals.

Enable seniors to remain in their own homes with high quality of life for as long as possible through the provision of home and community-based services, including supports for family caregivers:

- DAABHS will enhance long-term care supports and services for informal caregivers by collaborating with community-based private-pay providers to increase caregiver supports and resources, as well as developing a customer service survey; and
- Through the Money Follows the Person program, DAABHS will enable eligible persons, from designated institutions, return to the community.

Empower older people to stay active and healthy through Older Americans Act services and new prevention benefits under Medicare:

- DAABHS/AAAs will empower older adults to take an active role in health promotion
and disease prevention by implementing ongoing, evidence-based health promotion/disease prevention (EBHP/DP);

- DAABHS will collaborate with other agencies to assess transportation needs in Arkansas, as well as enhance safe driving and community mobility for older adults; and

- Older Arkansans will be informed of Medicare benefits through the Medicare Improvements for Patients and Providers Act for Beneficiary Outreach and Assistance grant implementation statewide through Arkansas’s AAAs and the ADRC.

Ensure the rights of older people and prevent their abuse, neglect and exploitation:

- The LTC Ombudsman Program will strive to meet the Institute of Medicine’s recommendation of one full time Regional Ombudsman program per two thousand licensed beds and to have at least one Certified Volunteer LTC Ombudsmen per facility;

- The Arkansas Senior Medicare Patrol, through DAABHS, will empower beneficiaries and consumers to prevent health care fraud through outreach and education; and

- DAABHS will increase the ability of Arkansas professionals to recognize, address, investigate and prosecute cases of elder abuse, neglect, and exploitation through a multi-disciplinary task force.
ORGANIZATIONAL STRUCTURE

State Unit on Aging
The Arkansas State Unit on Aging (SUA) is the Division of Aging, Adult and Behavior Health Services (DAABHS) which serves as the focal point for all matters concerning older Arkansans; serves as an effective and visible advocate for the aging population; gives elderly citizens a choice of how and where they receive long-term care services and supports; and plans, coordinates, funds and evaluates programs for senior adults. DAABHS is a division within the Arkansas Department of Human Services (DHS). As shown below, staffing levels for the State Unit of Aging for the 2020 SFY includes 167 full-time employees, 2 unbudgeted positions, and 21 part-time and/or temporary employees with an annual budget of $46,540,888.

DAABHS administers several community-based services for Arkansas’ aging population including: The Older Americans Act (OAA), Home and Community-Based Waiver Services (HCBS), Adult Protective Services (APS), and Long-Term Care (LTC) Ombudsman, and various other programs and grant-funded projects. These programs and projects create a critical system of supports and services vital to Arkansas
seniors, their families, and caregivers. DAABHS key stakeholders include, but are not limited to, the Area Agencies on Aging (AAAs), the State of Arkansas’ chapter of AARP, the Governor’s Advisory Council on Aging (GACA), the Silver Haired Legislators’ Alumni Association, and the Donald W. Reynolds Institute on Aging.

The following is the mission of DAABHS:
- Promote the health, safety, and independence of older Arkansans and adults with physical disabilities
- Older Arkansans and people with disabilities have a choice in how and where they receive long-term care
- An aging society requires innovation and change
- Adults should be able to age well
- Arkansas adults should be safe
- Access to information enhances long-term care choices

Program Service Areas
The State of Arkansas is divided into eight different Program Service Areas (PSAs). At one time, all of Arkansas was part of the Planning and Development Districts, as established by the Governor. In 1979, when the AAA’s became 501(c)3 organizations, then Governor Bill Clinton determined that the AAA PSA’s should be the same as the already established districts for Economic Development, Mental Health, and Human Services.

These PSAs have remained the same since that time. The eight PSAs are:

### Funding Formula

As required by the Older Americans Act, a funding formula was developed at the time of inception of the Arkansas Statue Unit on Aging. In accordance with this formula, the funding for each AAA will be allocated as follows:

- Each will receive 1% of the total amount to be distributed from each funding source;
- Of the remainder, 35% will be distributed based on each region’s proportion of Arkansans aged 60 and older;
- 25% will be distributed based on each region’s proportion of low-income Arkansans aged 60 and older;
- 20% will be distributed based on each region’s proportion of low-income minority Arkansans aged 60 and older;
- 15% will be distributed based on each region’s proportion of rural Arkansans aged 50 and older; and
- 5% will be distributed based on each region’s proportion of Arkansans aged 75 and older.
DEMOGRAPHICS

Current Population
According to the U. S. Census Bureau’s 2016 estimates, the total population of Arkansas is 2,968,369. Just over 21.6 percent of these residents are aged 60 or older. As shown below, there are more seniors in Region 5, which represents central Arkansas, but they are closely followed by northwest Arkansas, Region 1.

% of Total 60+ Population by Region

Of these seniors, 65,229 are considered low income. This is 10 percent of Arkansas seniors.

The following table illustrates the population breakdown for the funding formula of each Planning Service Areas (PSAs) in Arkansas.

Eventhough Regions 1 and 5 have the highest number of seniors, Region 3, located in eastern Arkansas, is the highest ranking of all PSAs for the number of low-income seniors. The number of low-income minority seniors is somewhat similar between Regions 3, 4, and 7, representing the east, southeast and southwest parts of the State.

The Arkansas State Plan on Aging for 2020 – 2022 was based on census statistics for 2016. An analysis between 2013 and 2016 shows a four percent increase in the total population in Arkansas. This was substantially higher for those 60 and older, with a 7 percent increase. The number of low-income seniors
and low-income minority seniors both increase between four and seven percent since the last census.

**Population Projections**
According to the U.S. Census Bureau, the population of Arkansans aged 60 and over is rapidly increasing. The graph below displays the gradual progression between 2015 and 2030.

*Arkansas Population Projections*

Further analysis of these statistics show that Arkansas will remain in the top half percentile in the ranking of senior population in the Nation with the following rankings: 2015 – 17th; 2020 – 18th; 2025 – 21st; and 2030 – 23rd. In addition, there will be an estimated 72 percent increase in this population from 2000 to 2030.

**Health Issues/Concerns**
According to the Centers for Disease Control and Prevention (CDC), in regard to the 2017 causes of death, Arkansas ranked 10th in the number of deaths due to Alzheimer's disease, with 39.4 per 100,000. However, the State is ranked much higher in other causes of senior death: 1st in deaths due to chronic lower respiratory disease, 3rd in kidney disease, heart disease and diabetes.

The AARP Public Policy Institute reported in 2012 that over 27 percent of adults age 50 and over in Arkansas are in poor or fair general health. Seventeen percent of these adults are suffering from diabetes and 69.4 percent are overweight or obese.

The United Health Foundation’s America’s Health Ranking Senior Report – 2018 examines many aspects of senior (65 and older) health. Their findings rank Arkansas as the 46th least healthy state for seniors.

Contributing factors include that Arkansas ranks 46th in food insecurity, with nearly 1 in 4 adults aged 60 and older marginally food insecure additionally, in the past year, physical inactivity among seniors increased from 37.4 percent to 40.4 percent of seniors. Other determinants are the high prevalence of poor health conditions, poor food management skills, lack of reliable social support and transportation, poverty, and disability or functional limitations.
GRANT PROJECTS

Arkansas Take the Time Lifespan Respite Grant
In 2018, the Division of Provider Services and Quality Assurance (DPSQA) received the LRLI Lifespan Respite Care Integration & Sustainability Grant. The Choices in Living Aging and Disability Resource Center (ADRC) within DPSQA, in partnership with the Arkansas Lifespan Respite Coalition (ALRC) will continue to develop a statewide coordinated lifespan respite system that builds on the infrastructure currently in place, including any advancements made during the 2014 Lifespan Respite Care Grant. The primary goal of this 3-year project is to achieve systems-level changes, including legislative actions, which will support and sustain program coordination and service provision. It specifically targets family caregivers who need a temporary break from caring for a relative or loved one with special needs. The grant focuses on the need to establish a designated central state respite office to provide family caregivers with awareness of available respite services and coordination of those services; outreach to providers to fill in the gaps where services are not available; organization of volunteer respite training; and management of a state respite voucher program for those who often “fall through the cracks” because they do not qualify for other respite services.

Senior Farmers Market Nutritional Program
The United States Department of Agriculture (USDA) administer the Senior Farmer’s Market Nutrition Program (SFMNP). The program is designed to:

- Provide low-income seniors with access to locally grown fruits, vegetables, honey and herbs.
- Increase the domestic consumption of agricultural commodities through farmers' markets, roadside stands, and community supported agricultural programs.
- Aid in the development of new and additional farmers' markets, roadside stands, and community support agricultural programs.

The Arkansas Senior Farmer's Market Nutrition Program complements the Healthy Arkansas initiative by providing access to fresh fruits and vegetables to some of our most "at risk" citizens the low-income elderly. DAABHS has long recognized the role that nutrition plays in overall health. The program also allows for the development of produce markets in rural areas of the State.

Medicare Improvements for Patients and Providers Act (MIPPA) Grant
The 2010 Affordable Care Act provides additional federal funding to be administered by the ACL and the Centers for Medicare & Medicaid Services (CMS) for State Health Insurance Assistance Programs (SHIPs), Area Agencies on Aging (AAAs), and Aging and Disability Resource Center programs (ADRCs) to help coordinate efforts to inform older Americans about available Federal and State benefits available. DAABHS has received its sixth MIPPA grant award to provide funding for this project.

These projects include reaching people likely to be eligible for the Low-Income Subsidy program (LIS), Medicare Savings Program (MSP), and Medicare Part D through statewide and local coalition building focused on intensified outreach activities to help beneficiaries understand and apply for their Medicare benefits. SHIP, AAAs and ADRC coordinate their efforts for outreach activities for educating beneficiaries about the new wellness benefits aimed at preventing disease and promoting wellness.
HOME AND COMMUNITY-BASED SERVICES

ARChoices in Homecare
ARChoices in Homecare (ARChoices) is a 1915(c) Medicaid waiver program for individuals who meet nursing home intermediate level of care and are ages 21 – 64 with physical disabilities or 65 and older. Participants in ARChoices must also meet certain financial eligibility requirements. The following services are available in the ARChoices program:

- Adult Day Health
- Respite (In-home and/or facility)
- Adult Day Services
- Attendant Care Services
- Environmental Accessibility Adaptations/Adaptive Equipment ($7500 maximum per lifetime)
- Home-Delivered Meals
- Personal Emergency Response System
- Prevocational Services

ARChoices is the result of combining the former ElderChoices and Alternative for Adults with Physical Disabilities 1915(c) waivers. While ARChoices does not offer self-direction of waiver services through the 1915(c) authority, this waiver runs concurrently with the IndependentChoices 1915(j) self-directed program. Participants of ARChoices who wish to self-direct attendant care services are enrolled in the IndependentChoices program.

Living Choices Assisted Living
Living Choices Assisted Living (Assisted Living) is a 1915(c) Medicaid waiver program which offers participants apartment style living with 24-hour supervision and assistance with activities of daily living and instrumental activities of daily living. Participants must meet financial eligibility requirements as well as the nursing home intermediate level of care and be ages 21 – 64 with physical disabilities or 65 and older. The assisted living service is a bundled service which provides support based on the participants’ individualized needs. Assisted Living participants have access to the greater community as required in the Home and Community Based Services regulations.

Programs of All-Inclusive Care for the Elderly (PACE)
Programs of All-Inclusive Care for the Elderly (PACE) is administered as a Medicaid State Plan optional service which targets consumers age 55 or older who meet financial eligibility requirements as well as the medical eligibility criteria for nursing home level of care. This program is a comprehensive health and social services delivery system that provides and coordinates primary, preventative, acute, and long-term services and supports to the frail elderly as a means for keeping them in their homes and in the community for as long as possible. Services are identified by an Interdisciplinary Team and delivered 24 hours a day, 7 days a week. Service areas for this program are identified by zip codes in AAA Regions 3, 5, and 1 located in northeastern Arkansas, central Arkansas, and northwest Arkansas respectively.

Personal Care
Personal Care is an optional State Plan Service offered to individuals who are categorically needy Medicaid beneficiaries; and who require “hands-on” physical assistance with bathing, dressing, personal hygiene, eating, ambulating, and toileting. The Personal Care program provides up to 64 hours per month of assistance with ADLs and IADLs to qualified individuals. Personal Care services are delivered by approved Medicaid providers and are prior authorized.
IndependentChoices
IndependentChoices is an optional Medicaid State Plan service provided under the authority of 1915(j) of the Social Security Act. This program’s foundation is centered around consumer choice and control, giving the Medicaid recipient both employer and budget authority to direct their own services. In addition to paying for the services of their employee, the consumer may also choose to use part of their budget for goods and services. The participant is afforded support broker services to assist the participant to the degree needed by offering financial and counseling support. If the consumer is unable to make their own decisions, the program allows a representative or Decision-Making Partner to make known the likes, dislikes and preferences of the person. Personal care services can be self-directed through the program.
ADDITIONAL DAABHS PROGRAMS AND SERVICES

Adult Protective Services
The Adult Protective Services Unit (APS) investigates cases of suspected abuse, neglect, or exploitation, or any combination thereof of adults age 18 and older, as well as those endangered as a result of lack of capacity or impaired from mental or physical disease or defects. They are mandated to conduct a thorough investigation and make a determination within 60 days.

A maltreated adult may be taken into emergency custody if the circumstances or condition are such that continuing at the place of residence presents imminent danger to their health or safety. Following issuance of an emergency order, the Probate Division of the Circuit Court shall hold a hearing within five business days to determine whether probable cause to issue the emergency order continues to exist. Upon a finding of probable cause, the court may order temporary custody for up to 30 days, pending a hearing for long-term custody.

A hearing for long-term custody shall be held no later than 30 days after the date of the probable cause hearing or the date the order for emergency custody was signed. The court may order long-term custody with APS under certain circumstances.

These important tasks are overseen by the Administrator of the APS Unit. All Section 721 funding is allocated to this position which ensures the safety of adults in Arkansas.

Aging and Disability Resource Center (ADRC)/Choices in Living Resource Center
Specialists in the Resource Center provide information about services, resources, and programs in areas such as living arrangements, support in care giving, energy assistance, assistive technology, and many other publicly funded programs such as the Supplemental Nutrition Assistance Program (SNAP) and Medicaid. The types of services offered include: information and assistance, long-term services and supports options counseling, benefits counseling and access to publicly funded long-term services and supports programs such as ARChoices, Living Choices Assisted Living, Independent Choices, and the Nutrition program.

Alternatives Plus (The A+ Program)
The specific purpose of the A+ Team is to facilitate the transition of low-care residents from nursing facilities to home and community-based services, thereby expanding “non-institutional” coverage to older Arkansans. Nursing facilities are required to refer to the State Local Contact Agency the names of residents who have requested Options Counseling. The A+ Team responds to the referrals by conducting face to face visit with the resident to provide the service of Options Counseling, as mandated by the passage of ACT 516 of the 2007 Arkansas Legislature. The information provided by Options Counseling often promotes discussion and activities leading to a transition to a less restrictive environment for the resident. The A+ Team provides Options Counseling to Nursing Home residents who have requested the service and have been referred by their respective Nursing Home. Options Counseling promotes the residents’ consumer choice through the personal provision of information directly related to long term care services and community resources.

Community Connectors inform potentially Medicaid eligible elderly adults and adults with physical disabilities about home and community-based Medicaid programs and services such as Alternatives for Adults with Physical Disabilities, ElderChoices, IndependentChoices, Personal Care, Home Health, and Durable Medical Equipment (DME). Information is disseminated via direct face-to-face contact and distribution of Division of Aging, Adult, and Behavioral Health Services’ (DAABHS) approved
brochures. TCRHN also establishes formal working relationships with community organizations in each of their targeted counties to assist with making referrals, gathering information, answering questions, and/or collaboration for problem solving.

**Foster Grandparent Program**
The Foster Grandparent Program provides qualified volunteers to agencies and organizations for the dual purpose of engaging persons 60 or older, with various incomes, in volunteer service to meet critical community needs and to provide a high-quality volunteer experience that will enrich the lives of the volunteers. Volunteers serve on average 20-40 hours weekly in a classroom setting to provide one-on-one or small group assistance to those children that may have special or exceptional needs or may be at-risk. This volunteer opportunity also gives a stipend to compensate volunteers for hours served, in addition to mileage reimbursement and Supplemental Excess Liability Insurances.

**Money Follows the Person (MFP)**
Money Follows the Person is a system to finance Medicaid long-term services and supports that enable eligible persons from designated institutions to transition to and live in the most appropriate and preferred setting of their choice. There are two components involved in MFP. The first component involves sufficient Medicaid funding to be spent on qualified home and community-based services (HCBS) when allocating the person moves to the community from an institutional setting. The second component is the process of identifying persons in institutions who wish to transition to the community as well as their transitioning process.

**Long-Term Care (LTC) Ombudsman**
The State LTC Ombudsman provides statewide oversight, monitoring, development and maintenance of policy/procedures, training and certification. This program works closely with various LTC stakeholders in regard to legislative issues, quality of care and life, and the latest innovative practices, as well as subcontracts out to the AAAs local LTC Ombudsman program and services.

The Arkansas LTC Ombudsman’s jurisdiction is skilled nursing, residential, and assisted living level one and level two facilities. They advocate for resident rights; investigate concerns ranging from physical, sexual, emotional, mental abuse and financial exploitation; and empower residents to help themselves whenever possible. In addition, the Ombudsmen provide technical assistance to residents, families, facility staff and the public regarding a variety of issues related to long-term services and supports provided in institutions. Local Ombudsmen programs provide facility in-services, community education events, participation in resident and family councils, quarterly facility visits, and participation in survey/certification exits.

**Public Guardian for Adults**
The Office of Public Guardian for Adults (Public Guardian), established in May 2010, provides guardianship services to individuals who lack the mental capacity to make informed health, placement, or financial decisions. The Public Guardian serves when no private guardian is available. After appointment, the staff visits each ward at least four times a year to make decisions for the welfare of the ward. The ward’s status is then reported to the court once a year.

**Senior Community Service Employment Program**
The Senior Community Service Employment Program is a part-time program for low-income persons age 55 and over who have poor employment prospects. Program participants receive assignments at community and government agencies and are paid the Federal or State minimum wage, whichever is higher. Participants may also receive assistance in developing job search skills and locating permanent employment. During their training, participants work with their local Employment and Training
Coordinator to achieve permanent part-time or full-time, unsubsidized employment either at their host agency or with other employment sources in their area. Some of the benefits participants receive while in the program include: temporary paid work experience; improvement of marketable skills; development of new skills, and an opportunity to establish a current work history.

**Senior Medicare Patrol (SMP)**
The Arkansas Senior Medicare Patrol project’s mission is to educate and assist Medicare beneficiaries, their families and caregivers to prevent, detect and report healthcare fraud, errors and abuse through outreach, counseling, and education. The Arkansas SMP recruits consumers as volunteer resources to help provide awareness of fraud and scams targeting senior citizens statewide, thereby protecting them from becoming victims.
QUALITY ASSURANCE PROGRAM

Quality improvement functions are performed as part of HCBS administration. Monitoring is ongoing, and improvements are made through analyzing reports and feedback from stakeholders. A new Medicaid Management Information System (MMIS), interChange, was implemented in November 2017. Edits and audits included in the business rules ensure appropriate payments at the correct rate for HCBS services delivered by approved providers. Prior authorizations for State Plan Personal Care and ARChoices attendant care were put into place January 2018. These additions prohibit overpayments for services, but still allow clients to have freedom of choice in selecting providers.
DISASTER PREPAREDNESS PLAN

The Arkansas Department of Emergency Management (ADEM) is Arkansas’ Homeland Security and Preparedness Agency. ADEM serves as the state’s coordination center for all four stages of emergency management: preparedness, response, recovery and mitigation. The State’s Emergency Operations Center (SEOC) is housed at ADEM. In a disaster, the SEOC utilizes representatives from various state agencies to ensure that assistance can be provided quickly. ADEM also works with local governments to ensure that the affected communities return to normal as soon as possible.

In the event of a disaster, at the local level, Area Agency on Aging staff assists in numerous ways. Case Managers/Care Coordinators check on their clients and do outreach in the affected area(s). They also assist seniors when a local senior citizen housing unit is damaged during a winter storm. Residents are either placed with their families or transported to a local emergency shelter. Even residents who have animals can take comfort in the fact that the Case Managers/Care Coordinators make sure that their animals are relocated to local animal shelter. LTC Ombudsmen visit the nursing homes and offer assistance in the event a nursing home is damaged during a tornado or winter storm. Senior Activity Centers are also used by the ADEM and FEMA as a command post to assist those in the affected area, as well as, serving as nutrition sites and shelter from the elements.

In order to assist Arkansas’ senior citizens in being prepared in the event of a disaster, DAABHS partnered with the Arkansas Red Cross, ADEM, and FEMA to create an individual disaster preparedness program titled ASAP (Arkansas Seniors Are Prepared). Using the Red Cross “Be Ready” Campaign as a basis, the ASAP program prepares seniors for disasters by teaching them the fundamentals of having an individual disaster plan, a disaster preparedness kit, and being informed about what to do in the event of a disaster of any type. This program is designed to introduce Arkansas’ senior citizens to the concept of emergency preparedness. Senior citizens learn about the need to plan for emergencies before an emergency takes place, how to stay safe in the event of a disaster, the importance of assembling a disaster supply kit, and the need to maintain their disaster supply kit over the years.

DAABHS takes the lead role in sending out impending weather information as they receive it to the AAAs. A system is in place where the AAAs report to DAABHS on what has occurred in their respective regions and how they served those in need and their communities when the disaster occurred. DAABHS, in turn, reports to the regional Administration for Community Living office. After a disaster has occurred, DAABHS then sends any information received regarding disaster relief assistance locations, etc. DAABHS also maintains the AAAs’ Disaster/Emergency Preparedness Plans and requires the AAAs to submit updates/changes annually.

FEDERALLY REQUIRED FOCUS AREAS

Title III and Title VI Coordination
This is inapplicable in Arkansas as there are no federally funded/recognized tribes in the State.
STATE PLAN DEVELOPMENT

Advisory Committee
The development of this plan was based on input from various individuals and entities. Initially, an Advisory Committee was formed. This included:

- 7 Area Agency on Aging Directors;
- 3 Area Agency on Aging Chief Financial Officers;
- 5 Division of Aging, Adult and Behavior Health Services (DAABHS) Representatives;
- 1 Governor’s Advisory Council on Aging (GACA) Representative; and
- 1 Silver Haired Legislators Alumni Association (SHLAA) Representatives.

It is important to note that the GACA Representative and the SHLAA representative were both seniors. Two of the representatives from DAABHS were from the Older Americans Act Unit and two were from the Division of Provider Service and Quality Assurances. The focus of this meeting was the gaps in services for seniors in Arkansas.

AAA Meetings
Meetings, emails, and phone calls have occurred with AAA staff throughout the State. Staff from DAABHS always attends the Arkansas Association of Area Agencies on Aging, Inc. monthly meeting, but at one meeting the Arkansas State Plan was specifically discussed. This is a nonprofit association of all 8 Arkansas Area Agencies on Aging that advocates for older Arkansans; promotes the development and coordination of resources supportive of older Arkansans; and presents statements on issues and concerns affecting older Arkansans. Information received has been beneficial for developing ideas, identifying program needs, and reflecting on the history of the aging network in Arkansas.

Aging Network Survey
A survey conducted via Survey Monkey was developed and distributed to various members of the aging network in Arkansas. This included employees from AAAs, service providers, and senior related organizations. Some of the questions included were:

- What is the most significant gap in services for seniors in your area?
- In what areas are training and/or technical assistance needed to meet the needs of seniors in your area?
- What challenges do you see the State Aging Network facing in the next 4 years?

The following tables illustrate the answers from the 70 responses received. The survey tool allows an individual to leave a question blank or to have multiple answers to each question. For this reason, the total number of each table will not be equal to 70 and the total percentage will not be 100 percent.

### Senior Population Survey

A second survey conducted via Survey Monkey was developed and distributed to various seniors from all over Arkansas. Responses were received from 428 seniors from throughout the State. As with the Agency Survey, the questions were not mandatory, and some allowed for multiple answers. Of the respondents who completed the question regarding age, the majority of respondents were between 60 and 74 years of age, as illustrated below.
The survey population was not focused on seniors that are currently using senior services or attending senior centers. Actually, of the respondents, 51.8 percent do not participate in any senior activities. Of those that do participate in activities, the breakdown was as follows:

### Senior Activities

Public Hearing
A Public Hearing was held, in June 2019, to solicit input from the public regarding the Arkansas State Plan. This included attendance from AAA and OAA staff.

Defining Objectives
After reviewing information received from all avenues of the Arkansas aging network, as well as seniors in the State, the five major goals were examined. These include:

1. Empowering older people, their families, and other consumers to make informed decisions about, and to be able to easily access, existing health and long-term care options.

2. Enabling seniors to remain in their own homes with a high quality of life for as long as possible through the provision of home and community-based services, including supports for family caregivers.

3. Empowering older people to stay active and healthy through Older Americans Act services and the new prevention benefits under Medicare.

4. Ensuring the rights of older people and prevent their abuse, neglect and exploitation.

5. Maintaining effective and responsive management.

Objectives and correlating strategies were organized to compliment the first four goals.
GOALS, OBJECTIVES, STRATEGIES, AND OUTCOMES

GOAL 1: EMPOWER OLDER PEOPLE, THEIR FAMILIES, AND OTHER CONSUMERS TO MAKE INFORMED DECISIONS ABOUT, AND TO BE ABLE TO EASILY ACCESS, EXISTING HEALTH AND LONG-TERM CARE OPTIONS

Objective 1 (Focus Area – Participant-Directed/Person-Centered Planning)
*DAABHS will improve access to Long-Term Services and Supports (LTSS) Home and Community Based Services for older adults, informal caregivers, and the aging population.*

Strategies:

1. The DPSQA-Arkansas Choices in Living Resource Center (ADRC) will serve as an entry point for access to publicly funded LTSS services.
2. Options counseling will be standardized and collaboration between the Money Follows the Person program, the Alternatives Plus Medicaid Expansion Program, and the ADRC will be strengthened.
3. DAABHS will work with the DHS Divisions of County Operations (DCO) and Medical Services to improve the eligibility processes across multiple programs and systems.

Outcomes/Performance Measures:

1. Provide updated program training to ADRC staff.
2. Increase referrals to LTSS services.

Objective 2 (Focus Areas - OAA Core Programs and Participant-Directed/Person-Centered Planning)
*DAABHS/AAAs will provide information and assistance services and outreach services for older adults, informal caregivers, and the aging population.*

Strategies:

1. The AAAs will provide Information and Assistance, Advocacy, and Outreach without a waiver from DAABHS.
2. DAABHS will provide guidance to the AAAs to ensure that preference is given to older individuals with the greatest economic and/or social needs, with particular emphasis on minority older persons with low-incomes and older persons residing in rural areas.
3. The DPSQA-Aging and Disability Resource Center (ADRC) will provide Information and Assistance, and Outreach.
4. DAABHS will coordinate programs under Title III and VI, when feasible.

Outcomes/Performance Measures:

1. Quarterly Aging Services Progress Reports will be submitted to DAABHS by the AAAs on a form provided by DAABHS.
Objective 3 (Focus Areas - OAA Core Programs and Participant-Directed/Person-Centered Planning)

DAABHS/AAA will expend a portion of their allotted Title III Part B funds for Priority Services toward information/assistance and outreach for mental health services.

Strategies:

1. Each AAA will conduct or host one in-service workshop, annually, for consumers of the targeted population in at least one underserved county within their PSA on mental health issues and referrals.

2. The AAAs will coordinate with various governmental and private agencies responsible for aging and mental health to increase public awareness of mental health disorders and services, as well as to coordinate services with community mental health providers.

3. The AAAs will implement one evidence-based program with a mental or cognitive health component.

4. The DPSQA-ADRC will make referrals to the Division of Aging, Adult and Behavioral Health Services when appropriate for mental health issues.

Outcomes/Performance Measures:

1. At the end of the plan cycle, 100% of Arkansas AAAs will be implementing one evidence-based program with a mental or cognitive health component.

GOAL 2: ENABLE SENIORS TO REMAIN IN THEIR OWN HOMES WITH HIGH QUALITY OF LIFE FOR AS LONG AS POSSIBLE THROUGH THE PROVISION OF HOME AND COMMUNITY-BASED SERVICES, INCLUDING SUPPORTS FOR FAMILY CAREGIVERS

Objective 1 (Focus Area - OAA Core Programs)

Through the National Family Caregiver Support Program (NFCSP), DAABHS/AAAs will enhance long-term care supports and services for informal caregivers.

Strategies:

1. The AAAs will collaborate with community-based private-pay providers to increase caregiver supports and resources.

2. The AAAs will ensure that the comprehensive entry point system targets the information necessary for informal caregivers.

3. The AAAs will administer the customer service survey for the NFCSP program.
Outcomes/Performance Measures:

1. The survey results each year will be analyzed by DAABHS. The desired outcomes are:
   a. Increased customer satisfaction with caregiver services from previous year; and
   b. Increased percentage of seniors receiving counseling and attending support group meetings from previous year.

Objective 2 (Focus Area - OAA Core Programs)

*DAABHS/AAAs will increase public awareness to maximize state and local resources dedicated to serving caregivers.*

Strategies:

1. The AAAs will encourage community partnerships that support family and friends who are caring for seniors.
2. The AAAs will market the caregiver messages throughout all senior services.
3. The DPSQA-ADRC will provide information regarding resources to caregivers including available respite services and programs for which they may be eligible; volunteer respite and caregiver trainings offered in their particular areas of the state; and well as other caregiver information that will be accessible on the Arkansas Lifespan Respite link of the DPSQA- Choices in Living Resource Center website.

Outcomes & Measurements

1. The desired outcomes are:
   a. Reduced percentage of caregivers reporting difficulty in accessing Title IIIE services from previous year;
   b. Increased percentage of caregivers accessing Title IIIE services from previous year; and
   c. Increased percentage of individuals accessing information through coordinated systems from previous year.

Objective 3 (Focus Area - Participant-Directed/Person-Centered Planning)

*Through the Money Follows the Person program, DAABHS will enable eligible persons, from designated institutions, to transition to and live in their choice of settings.*

Strategies:

1. DAABHS will eliminate barriers that prevent or restrict the flexible use of Medicaid funds to enable eligible individuals from four target groups (elderly, adults with physical disabilities, persons with developmental disabilities, and adults with mental illness when dually diagnosed) to receive support for appropriate and necessary long-term services in their choice of settings.

Outcomes & Measurements

1. The desired outcome is successful transitioning from institutional settings, of 1130 individuals, to qualified community-based settings during the planning period.
GOAL 3: EMPOWER OLDER PEOPLE TO STAY ACTIVE AND HEALTHY THROUGH OLDER AMERICANS ACT SERVICES AND NEW PREVENTION BENEFITS UNDER MEDICARE

Objective 1 (Focus Area - OAA Core Programs and Participant-Directed/Person-Centered Planning)

DAABHS/AAAs will empower older adults to take an active role in health promotion and disease prevention.

Strategies:

1. The AAAs will implement at least one, ongoing, evidence-based health promotion/disease prevention (EBHP/DP) intervention in the PSA addressing physical activity, fall prevention, nutrition/diet, or chronic disease self-management. Approved interventions include:
   a. Stronger for Life;
   b. Enhanced Fitness;
   c. Healthy Moves;
   d. Active Living Every Day (ALED);
   e. Active Choices;
   f. Fit and Strong;
   g. Matter of Balance (MOB);
   h. Stepping On;
   i. Tai Chi: Moving for Better Balance;
   j. Healthy Eating;
   k. Stanford Model Chronic Disease Self-Management Program (CDSMP);
   l. Enhanced Wellness;
   m. Move with Balance;
   n. Medication Management Improvement System (MMIS);
   o. IMPACT (Improving Mood-Promoting Access to Collaborative Treatment);
   p. PEARLS (Program to Encourage Active Rewarding Lives for Seniors);
   q. Healthy IDEAS (Identifying Depression, Empowering Activities for Seniors);
   r. Stanford Model Diabetes Self-Management Program (DSMP);
   s. Tomando (Spanish version CDSMP); and
   t. Additional DAABHS approved programs.

2. All Title III-D funded evidence-based health promotion programs must meet the highest standards as set by the ACL.

3. DAABHS will assign staff to provide technical assistance to the AAAs for the implementation of EBHP/DP interventions.

4. DAABHS will provide technical assistance to the AAAs in the development of a sustainability plan for EBHP/DP interventions.
Outcomes/Performance Measures:

1. AAAs will provide DAABHS with the following information regarding the EBHP/DP intervention:
   a. Contact information on the staff person assigned;
   b. Strategy for implementing the EBHP/DP intervention;
   c. Number of senior centers in the PSA;
   d. Details on assessment, monitoring, and data collection methods; and
   e. Information on each subsequent intervention, as it is implemented.

2. AAAs will be required to assess all EBHP/DP interventions at least annually. The assessment/evaluation will include:
   a. Process Evaluation; and
   b. Outcome Evaluation as it applies to or is required by each individual program.

3. DAABHS will monitor/assess the intervention at each AAA at least once during the four-year planning cycle.

Objective 2 (Focus Area - OAA Core Programs and Participant-Directed/Person-Centered Planning)

**DAABHS will provide a fair opportunity for older adults to participate in the Senior Community Service Employment Program (Title V of the Older Americans Act).**

Strategies:

1. DAABHS will work with the National Grantee operating the Senior Community Service Employment Program (SCSEP) in Arkansas to develop a Four-Year Senior Community Service Employment Program State Plan.

2. In conjunction with the other National Grantees operating the SCSEP in Arkansas, DAABHS will develop the Arkansas Senior Community Service Employment Program Equitable Distribution Report.

3. DAABHS will work with the U. S. Department of Labor, Employment and Training Administration to conduct Participant and Host Agency Customer Satisfaction Surveys annually.

4. Once a year, DAABHS will conduct Data Validation comparing documents in SCSEP Participants’ files with the data entered into the SPARQ Data System. Once completed a detailed report will be compiled.

Outcomes/Performance Measures:

1. Submission of the Arkansas Senior Community Service Employment Program Four-Year State Plan to the U. S. Department of Labor, Employment and Training Administration and placement of the SCSEP State Plan on the DAABHS Website.
2. The resulting SCSEP Equitable Distribution report will aid in progress toward more equity of Senior Community Service Employment Program positions throughout Arkansas and the report will be included in the SCSEP Four Year State Plan.

3. In order to improve SCSEP, DAABHS will share the results of the SCSEP Participant and Host Agency Customer Satisfaction Surveys with the Division’s SCSP Sub-grantee.

4. DAABHS will provide the Division’s SCSEP Sub-grantee with the detailed, compiled findings based on the Data Validation.

Objective 3 (Focus Area - OAA Core Programs)
DAABHS will collaborate with other agencies to develop a statewide transportation directory designed to enhance community mobility for older adults, people with disabilities and people with limited incomes.

Strategies:

1. DAABHS will update DAABHS’ Let’s Go a Directory of Transportation Options in Arkansas annually.

2. The annual update of DAABHS’ Let’s Go a Directory of Transportation Options in Arkansas will be in conjunction with the Area Agencies on Aging, the Arkansas Transit Association and other agencies operating transportation programs throughout Arkansas.

Outcomes/Performance Measures:

1. DAABHS’ Let’s Go a Directory of Transportation Options in Arkansas will be used as:
   a. Resource for older drivers and riders;
   b. Resource for People with Disabilities; and
   c. Resources for People with Limited Incomes.

2. Updated versions of the Let’s Go a Directory of Transportation Options in Arkansas will be placed on the DAABHS website for access by a wide variety of individuals visiting the website.

Objective 4 (Focus Area - OAA Core Programs and Participant-Directed/Person-Centered Planning)
DAABHS will ensure that older adults will lead more meaningful, productive, and social lives.

Strategies:

1. The AAAs will implement innovative fund raising and develop highly effective and innovative programs that will fully utilize the older adult’s interests and experience.

2. DAABHS has established the following minimum percentages, for each AAA, of 50% of Title IIIB funds for priority services. Of that amount, no less than the following amounts shall be spent on:
   a. Access Services: 5%
   b. In-Home Services: 5%; and
c. Legal Assistance: 2%.

**Outcomes/Performance Measures:**
1. Quarterly Aging Services Progress Reports will be submitted to DAABHS by the AAAs on a form provided by DAABHS.

**Objective 5 (Focus Area - ACL Discretionary Grants)**
*Older Arkansans will be informed of new Medicare benefits through the Medicare Improvements for Patients and Providers Act for Beneficiary Outreach and Assistance grant implementation statewide through the Arkansas’s AAAs.*

**Strategies:**
1. The AAAs, which choose to participate in the grant, will develop relationships with community medical organizations to incorporate speakers for enrollment events which will also focus on disease prevention and wellness activities.
2. DAABHS will provide the AAAs in Arkansas with updated brochures for LIS/MSP programs. These will be distributed to all partners as well as individuals’ likely eligible for programs.
3. Each AAA will hold at least three outreach/enrollment events per year in their region and will notify DAABHS of the events.
4. OAA and the DPSQA-ADRC will participate in AAA outreach/enrollment events when possible.
5. The DPSQA-ADRC will provide outreach to raise awareness and promote the Medicare Savings Programs; Prescription Drug plan benefits; and wellness and prevention benefits for Medicare recipients by offering information, assistance, and resources to individuals and families to support planning and informed decision-making about wellness and independence.

**Outcomes/Performance Measures:**
1. Each AAA will report semiannually on the number of events held and the number of applications completed.
2. The desired outcome is to extend and enhance beneficiary outreach in rural areas by increasing the number of people able to assist with outreach and assistance; establishing additional counseling and enrollment sites; increasing distribution of information through various means; improve monitoring of enrollment and outreach efforts; and establish new partnerships/relationships with agencies, professional boards, and organizations.
GOAL 4: ENSURE THE RIGHTS OF OLDER PEOPLE AND PREVENT THEIR ABUSE, NEGLECT, AND EXPLOITATION

Objective 1 (Focus Area - OAA Core Programs, Participant-Directed/Person-Centered Planning, and Elder Justice)

DAABHS will coordinate legal assistance, advice, technical support, provider training, and consumer education for older individuals.

Strategies:

1. The Legal Assistance Developer (LAD) for DAABHS will ensure:
   a. Leadership in securing and maintaining legal rights of older individuals;
   b. Coordination of the provision of legal assistance;
   c. Provision of technical assistance, training, and other supportive functions to AAAs, legal assistance providers, ombudsman, and others;
   d. Promotion of financial management services for older individuals at risk of conservatorship;
   e. Assistance to older individuals in understanding their rights, exercising choices, benefiting from services and opportunities and maintaining the rights of older individuals at risk of guardianship; and
   f. Improvement of the quality and quantity of legal services provided to older individuals.

2. The LAD will be the Deputy Director over the Older Americans Act Unit.
   a. Section 721 funding will be used for Adult Protective Services and elder justice/abuse to provide training, to improve investigations, and to expand efforts to address abuse and exploitation.

3. The AAAs will enter into contracts with providers of legal assistance which have the demonstrated capacity and experience to deliver legal assistance and are best able to provide such services pursuant to standards promulgated by ACL.
   a. Each contract will specifically include provisions that the contractor is subject to certain regulations promulgated under the Legal Service Corporation Act and involve the private bar in furnishing services to older individuals on a pro-bono or reduced fee basis.
   b. Legal assistance is provided to older individuals with social or economic needs and is coordinated with other programs serving elders, in order to concentrate the use of funds to serve individuals with greatest needs.

4. Each AAA will conduct or host an annual seminar on legal services and issues available for the targeted aging population in at least one underserved county within their PSA.
   a. Funding for this seminar may be expended in the following manner: 1% as outreach and 1% legal services. It is recommended however, that local funding be utilized to the greatest extent possible.
Outcomes/Performance Measures:

1. The desired outcome is that legal assistance will be provided to older individuals with social or economic needs and is coordinated with other programs serving elders, in order to concentrate the use of funds to serve individuals with greatest needs.

Objective 2 (Focus Area - OAA Core Programs, Participant-Directed/Person-Centered Planning, and Elder Justice)

*The Arkansas LTC Ombudsman Program will ensure that long-term care facility residents have the right to live their lives with dignity, feeling free to voice complaints or concerns without fear of retaliation.*

Strategies:

1. DAABHS will recommend there be 2 full time Regional LTC Ombudsmen per AAA.
2. DAABHS will recommend there be at least one Certified Volunteer LTC Ombudsman per licensed facility.
3. DAABHS/AAAs will work together to increase awareness to the public regarding LTC Ombudsman services.
4. DAABHS will meet all minimum standards at both the state and local program levels as defined by the Older Americans Act.
5. The DAABHS Office of State Long Term Care Ombudsman (OSLTCO) will provide education and tools on a statewide basis to ensure that all local programs are in compliance with the ACL/AOA final rules as effective July 1st, 2016.

Outcomes/Performance Measures:

1. The desired outcome is to meet the Institute of Medicine’s recommendation of one full time Regional Ombudsman program per two thousand licensed beds and to have at least one Certified Volunteer LTC Ombudsmen per facility.
2. The DAABHS OSLTCO will assist AAA local ombudsman representatives in changes regarding ACL/AOA National Reporting System (NORS) to be effective October 1st, 2019 for data collection and reporting January 31, 2021 in “NORS Next” Reporting System.

Objective 3 (Focus Area – Elder Justice)

*The Arkansas Senior Medicare Patrol (ASMP), through DAABHS, will empower and assist Medicare and/or Medicaid beneficiaries prevent, detect, and report healthcare fraud, errors and abuse through outreach, counseling, and education.*
Strategies:

1. ASMP will provide group education and one-on-one assistance to Medicare and/or Medicaid beneficiaries on a statewide basis.

2. ASMP will recruit, train, and retain a sufficient and effective workforce to provide high quality education and inquiry resolution.

3. ASMP will monitor and assess SMP results on operational and quality measures.

4. ASMP will position its program to respond to changes in the programmatic landscape.

Outcomes:

1. A strong network of sub grantees and community partners working to increase the ASMP volunteer base;

2. Statewide ASMP program recognition;

3. Increased community awareness of the SMP fraud prevention message resulting from enhanced media outreach;

4. Focus on health care and healthcare fraud issues of vulnerable populations;

5. New collaborations with the Arkansas Drug Director and central Arkansas police departments through creation of a S.A.L.T. program (Seniors and Law Enforcement Together).

Performance Measures:

1. 20% Increase in active volunteers

2. 20% Increase in volunteer trainings

3. 20% Increase in volunteer hours

Objective 4 (Focus Area – Elder Justice)

DAABHS will increase the ability of Arkansas service professionals to recognize and report cases of elder abuse, neglect, and exploitation.

Strategies:

1. DAABHS will provide training programs to assist service professionals from all 8 AAAs in recognizing and reporting cases of elder abuse, neglect, and exploitation.
2. DAABHS will work to enhance the data collection and reporting of elder abuse, neglect, and exploitation offenses/cases.

Outcomes/Performance Measures:

1. 75% of all AAA direct service staff will be trained in recognizing and reporting cases of elder abuse, neglect, and exploitation.

2. Enhanced relationships between DAABHS, AAAs, and the criminal justice community are expected from this endeavor.
104.00  Intrastate Funding Formula  1-1-19

The Department of Human Services (DHS) will implement an intrastate funding formula for the equitable distribution of Title III funds to Area Agencies on Aging (AAAs) to comply with Older Americans Act regulations. DHS will apply the same methodology to the distribution of other funds intended for statewide distribution on an equitable basis, including without limitation Social Services Block Grant (SSBG), Advocacy Assistance, Nursing Home Alternatives, Older Workers, Case Management, and State discretionary programs. The purpose of the intrastate funding formula is to reach older Arkansans with the greatest economic and social needs by using a fair and objective allocation methodology.

104.001  General Authority  1-1-19

Older Americans Act of 1965, as amended in 2016
45 CFR 1321
Arkansas Code Annotated § 25-10-101 et seq.
U.S. Department of Health and Human Services
U.S Census Bureau
Title VII Civil Rights Act of 1964, as amended
Social Services Block Grant

104.100  Definitions  1-1-19

The following terms are defined by the U.S. Census Bureau, U.S. Department of Health and Human Services, and the Title VII Civil Rights Act of 1964, as amended:

A. **Age 60** – An individual who turns 60 years of age as of the census date of April 1st.

B. **Age 75** – An individual who turns 75 years of age as of the census date of April 1st.

C. **Low-Income** – An individual whose income within the past 12 months is below the poverty thresholds set by U.S. Department of Health and Human Services.
D. **Low-Income Minority** – An individual who identifies with one of the four minority groups as listed below and whose income within the past 12 months is below the poverty thresholds set by U.S. Department of Health and Human Services.

E. **Minority** – The smaller part of a group within a country or state that differs in race, religion, or national origin from the dominant group.

According to the Equal Employment Opportunity Commission guidelines, the term minority means four, particular groups who share a race, color, or national origin. These groups are:

1. **American Indian or Alaskan Native.** A person having origins in any of the original peoples of North America, and who maintain their culture through a tribe and community.

2. **Asian or Pacific Islander.** A person having origins in any of the original people of the Far East, Southeast Asia, India, or the Pacific Islands. These areas include, for example, China, India, Korea, the Philippine Islands, and Samoa.

3. **Black (except Hispanic).** A person having origins in any of the black racial groups of Africa.

4. **Hispanic.** A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

F. **Rural** – This term is defined as a territory, population, and housing units not classified as urban.

### 104.200 Allocation Methodology

#### 1-1-19

The intrastate funding formula for Area Agencies on Aging (AAAs) will be allocated as follows:

A. Each of the eight AAAs will receive a base percentage of 1% from each funding source before the funding formula is applied.
B. Of the remainder:

1. Thirty-five percent will be distributed based on each region's proportion of Arkansans ages 60 and older;
2. Twenty-five percent will be distributed based on each region's proportion of low-income Arkansans ages 60 and older;
3. Twenty percent will be distributed based on each region's proportion of low-income minority Arkansans ages 60 and older;
4. Fifteen percent will be distributed based on each region's proportion of rural Arkansans ages 60 and older; and
5. Five percent will be distributed based on each region's proportion of Arkansans ages 75 and older.

104.300 Updates 1-1-19

Department of Human Services will revise and update the AAAs allocations annually as relevant demographic information becomes available and is provided by the U.S. Census Bureau.

ARKANSAS STATE PLAN ON AGING
By signing this document, the authorized official commits the State Agency on Aging to performing all listed assurances and activities as stipulated in the Older Americans Act, as amended in 2016.

ASSURANCES

Sec. 305, ORGANIZATION

(a) In order for a State to be eligible to participate in programs of grants to States from allotments under this title--

(2) The State agency shall—(A) Except as provided in subsection (b)(5), designate for each such area after consideration of the views offered by the unit or units of general purpose local government in such area, a public or private nonprofit agency or organization as the area agency on aging for such area;

(B) Provide assurances, satisfactory to the Assistant Secretary, that the State agency will take into account, in connection with matters of general policy arising in the development and administration of the State plan for any fiscal year, the views of recipients of supportive services or nutrition services, or individuals using multipurpose senior centers provided under such plan;

(E) Provide assurance that preference will be given to providing services to older individuals with greatest economic need and older individuals with greatest social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas), and include proposed methods of carrying out the preference in the State plan;

(F) Provide assurances that the State agency will require use of outreach efforts described in section 307(a)(16); and

(G)(ii) Provide an assurance that the State agency will undertake specific program development, advocacy, and outreach efforts focused on the needs of low income minority older individuals;

(c) An area agency on aging designated under subsection (a) shall be--

(5) in the case of a State specified in subsection (b) (5), the State agency; and shall provide assurance, determined adequate by the State agency, that the area agency on aging will have the ability to develop an area plan and to carry out, directly or through contractual or other arrangements, a program in accordance with the plan within the planning and service area. In designating an area agency on aging within the planning and service area or within any unit of general purpose local government designated as a planning and service area the State shall give preference to an established office on aging, unless the State agency finds that no such office within the planning and service area will have the capacity to carry out the area plan.
Note: STATES MUST ENSURE THAT THE FOLLOWING ASSURANCES (SECTION 306) WILL BE MET BY ITS DESIGNATED AREA AGENCIES ON AGENCIES, OR BY THE STATE IN THE CASE OF SINGLE PLANNING AND SERVICE AREA STATES.

Sec. 306(a), AREA PLANS

(a) Each area agency on aging...Each such plan shall--
(2) provide assurances that an adequate proportion, as required under section 307(a)(2), of the amount allotted for part B to the planning and service area will be expended for the delivery of each of the following categories of services
(A) services associated with access to services (transportation, health services (including mental and behavioral health services), outreach, information and assistance (which may include information and assistance to consumers on availability of services under part B and how to receive benefits under and participate in publicly supported programs for which the consumer may be eligible) and case management services);
(B) in home services, including supportive services for families of older individuals who are victims of Alzheimer's disease and related disorders with neurological and organic brain dysfunction; and
(C) legal assistance; and assurances that the area agency on aging will report annually to the State agency in detail the amount of funds expended for each such category during the fiscal year most recently concluded;

(4)(A)(i)(I) provide assurances that the area agency on aging will—

(aa) set specific objectives, consistent with State policy, for providing services to older individuals with greatest economic need, older individuals with greatest social need, and older individuals at risk for institutional placement;
(bb) include specific objectives for providing services to low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas; and

(II) include proposed methods to achieve the objectives described in items (aa) and (bb) of subclause (I);

(ii) provide assurances that the area agency on aging will include in each agreement made with a provider of any service under this title, a requirement that such provider will—
(I) specify how the provider intends to satisfy the service needs of low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas in the area served by the provider;
(II) to the maximum extent feasible, provide services to low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas in accordance with their need for such services; and
(III) meet specific objectives established by the area agency on aging, for providing services to low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas within the planning and service area; and
(iii) with respect to the fiscal year preceding the fiscal year for which such plan is prepared --
(I) identify the number of low income minority older individuals in the planning and service area;
(II) describe the methods used to satisfy the service needs of such minority older individuals;
and

(III) provide information on the extent to which the area agency on aging met the objectives described in clause (i).

(B) provide assurances that the area agency on aging will use outreach efforts that will—

(i) identify individuals eligible for assistance under this Act, with special emphasis on

(I) older individuals residing in rural areas;
(II) older individuals with greatest economic need (with particular attention to low-income minority individuals and older individuals residing in rural areas);
(III) older individuals with greatest social need (with particular attention to low-income minority individuals and older individuals residing in rural areas);
(IV) older individuals with severe disabilities;
(V) older individuals with limited English proficiency;
(VI) older individuals with Alzheimer’s disease and related disorders with neurological and organic brain dysfunction (and the caretakers of such individuals); and
(VII) older individuals at risk for institutional placement; and

(ii) inform the older individuals referred to in sub-clauses (I) through (VII) of clause (i), and the caretakers of such individuals, of the availability of such assistance; and

(C) contain an assurance that the area agency on aging will ensure that each activity undertaken by the agency, including planning, advocacy, and systems development, will include a focus on the needs of low income minority older individuals and older individuals residing in rural areas.

(5) provide assurances that the area agency on aging will coordinate planning, identification, assessment of needs, and provision of services for older individuals with disabilities, with particular attention to individuals with severe disabilities, and individuals at risk for institutional placement, with agencies that develop or provide services for individuals with disabilities;

(9) provide assurances that the area agency on aging, in carrying out the State Long Term Care Ombudsman program under section 307(a)(9), will expend not less than the total amount of funds appropriated under this Act and expended by the agency in fiscal year 2000 in carrying out such a program under this title;

(11) provide information and assurances concerning services to older individuals who are Native Americans (referred to in this paragraph as “older Native Americans”), including —

(A) information concerning whether there is a significant population of older Native Americans in the planning and service area and if so, an assurance that the area agency on aging will pursue activities, including outreach, to increase access of those older Native Americans to programs and benefits provided under this title;

(B) an assurance that the area agency on aging will, to the maximum extent practicable, coordinate the services the agency provides under this title with services provided under title VI; and

(C) an assurance that the area agency on aging will make services under the area plan available, to the same extent as such services are available to older individuals within the planning and service area, to older Native Americans;

(13) provide assurances that the area agency on aging will—

(A) maintain the integrity and public purpose of services provided, and service providers, under this title in all contractual and commercial relationships;

(B) disclose to the Assistant Secretary and the State agency
(i) the identity of each nongovernmental entity with which such agency has a contract or commercial relationship relating to providing any service to older individuals; and
(ii) the nature of such contract or such relationship;

(C) demonstrate that a loss or diminution in the quantity or quality of the services provided, or to be provided, under this title by such agency has not resulted and will not result from such contract or such relationship;

(D) demonstrate that the quantity or quality of the services to be provided under this title by such agency will be enhanced as a result of such contract or such relationship;

(E) on the request of the Assistant Secretary or the State, for the purpose of monitoring compliance with this Act (including conducting an audit), disclose all sources and expenditures of funds such agency receives or expends to provide services to older individuals;

(14) provide assurances that preference in receiving services under this title will not be given by the area agency on aging to particular older individuals as a result of a contract or commercial relationship that is not carried out to implement this title;

(15) provide assurances that funds received under this title will be used to provide benefits and services to older individuals, giving priority to older individuals identified in paragraph (4)(A)(i); and in compliance with the assurances specified in paragraph (13) and the limitations specified in section 212;

STATE PLANS
Sec. 307

. . . Each such plan shall comply with all of the following requirements:…

(3) The plan shall—

(B) with respect to services for older individuals residing in rural areas—

(i) provide assurances that the State agency will spend for each fiscal year, not less than the amount expended for such services for fiscal year 2000…

(7)(A) The plan shall provide satisfactory assurance that such fiscal control and fund accounting procedures will be adopted as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid under this title to the State, including any such funds paid to the recipients of a grant or contract.

(B) The plan shall provide assurances that

(i) no individual (appointed or otherwise) involved in the designation of the State agency or an area agency on aging, or in the designation of the head of any subdivision of the State agency or of an area agency on aging, is subject to a conflict of interest prohibited under this Act;
(ii) no officer, employee, or other representative of the State agency or an area agency on aging is subject to a conflict of interest prohibited under this Act; and
(iii) mechanisms are in place to identify and remove conflicts of interest prohibited under this Act.

(9) The plan shall provide assurances that the State agency will carry out, through the Office of the State Long Term Care Ombudsman, a State Long Term Care Ombudsman program in
accordance with section 712 and this title, and will expend for such purpose an amount that is not less than an amount expended by the State agency with funds received under this title for fiscal year 2000, and an amount that is not less than the amount expended by the State agency with funds received under title VII for fiscal year 2000.

(10) The plan shall provide assurance that the special needs of older individuals residing in rural areas will be taken into consideration and shall describe how those needs have been met and describe how funds have been allocated to meet those needs.

(11) The plan shall provide that with respect to legal assistance --
(A) the plan contains assurances that area agencies on aging will
(i) enter into contracts with providers of legal assistance which can demonstrate the experience or capacity to deliver legal assistance;
(ii) include in any such contract provisions to assure that any recipient of funds under division (i) will be subject to specific restrictions and regulations promulgated under the Legal Services Corporation Act (other than restrictions and regulations governing eligibility for legal assistance under such Act and governing membership of local governing boards) as determined appropriate by the Assistant Secretary; and
(iii) attempt to involve the private bar in legal assistance activities authorized under this title, including groups within the private bar furnishing services to older individuals on a pro bono and reduced fee basis.

(B) the plan contains assurances that no legal assistance will be furnished unless the grantee administers a program designed to provide legal assistance to older individuals with social or economic need and has agreed, if the grantee is not a Legal Services Corporation project grantee, to coordinate its services with existing Legal Services Corporation projects in the planning and service area in order to concentrate the use of funds provided under this title on individuals with the greatest such need; and the area agency on aging makes a finding, after assessment, pursuant to standards for service promulgated by the Assistant Secretary, that any grantee selected is the entity best able to provide the particular services.

(D) the plan contains assurances, to the extent practicable, that legal assistance furnished under the plan will be in addition to any legal assistance for older individuals being furnished with funds from sources other than this Act and that reasonable efforts will be made to maintain existing levels of legal assistance for older individuals; and

(E) the plan contains assurances that area agencies on aging will give priority to legal assistance related to income, health care, long term care, nutrition, housing, utilities, protective services, defense of guardianship, abuse, neglect, and age discrimination.

(12) The plan shall provide, whenever the State desires to provide for a fiscal year for services for the prevention of abuse of older individuals --
(A) the plan contains assurances that any area agency on aging carrying out such services will conduct a program consistent with relevant State law and coordinated with existing State adult protective service activities for ~
(i) public education to identify and prevent abuse of older individuals;
(ii) receipt of reports of abuse of older individuals;
(iii) active participation of older individuals participating in programs under this Act through outreach, conferences, and referral of such individuals to other social service agencies or sources of assistance where appropriate and consented to by the parties to be referred; and
(iv) referral of complaints to law enforcement or public protective service agencies where appropriate;…

(13) The plan shall provide assurances that each State will assign personnel (one of whom shall be known as a legal assistance developer) to provide State leadership in developing legal assistance programs for older individuals throughout the State…

(15) The plan shall provide assurances that, if a substantial number of the older individuals residing in any planning and service area in the State are of limited English speaking ability, then the State will require the area agency on aging for each such planning and service area—
(A) to utilize in the delivery of outreach services under section 306(a)(2)(A), the services of workers who are fluent in the language spoken by a predominant number of such older individuals who are of limited English speaking ability; and
(B) to designate an individual employed by the area agency on aging, or available to such area agency on aging on a full time basis, whose responsibilities will include
   (i) taking such action as may be appropriate to assure that counseling assistance is made available to such older individuals who are of limited English speaking ability in order to assist such older individuals in participating in programs and receiving assistance under this Act; and
   (ii) providing guidance to individuals engaged in the delivery of supportive services under the area plan involved to enable such individuals to be aware of cultural sensitivities and to take into account effectively linguistic and cultural differences.

(16) The plan shall provide assurances that the State agency will require outreach efforts that will—
(A) identify individuals eligible for assistance under this Act, with special emphasis on—
   (i) older individuals residing in rural areas;
   (ii) older individuals with greatest economic need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas);
   (iii) older individuals with greatest social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas);
   (iv) older individuals with severe disabilities;
   (v) older individuals with limited English-speaking ability; and
   (vi) older individuals with Alzheimer’s disease and related disorders with neurological and organic brain dysfunction (and the caretakers of such individuals); and
(B) inform the older individuals referred to in clauses (i) through (vi) of subparagraph (A), and the caretakers of such individuals, of the availability of such assistance.

(17) The plan shall provide, with respect to the needs of older individuals with severe disabilities, assurances that the State will coordinate planning, identification, assessment of needs, and service for older individuals with disabilities with particular attention to individuals with severe disabilities with the State agencies with primary responsibility for individuals with disabilities, including severe disabilities, to enhance services and develop collaborative programs, where appropriate, to meet the needs of older individuals with disabilities.

(18) The plan shall provide assurances that area agencies on aging will conduct efforts to facilitate the coordination of community based, long term care services, pursuant to section 306(a)(7), for older individuals who -
(A) reside at home and are at risk of institutionalization because of limitations on their ability to
function independently;
(B) are patients in hospitals and are at risk of prolonged institutionalization; or
(C) are patients in long term care facilities, but who can return to their homes if community
based services are provided to them.

(19) The plan shall include the assurances and description required by section 705(a).

(20) The plan shall provide assurances that special efforts will be made to provide technical
assistance to minority providers of services.

(21) The plan shall—
(A) provide an assurance that the State agency will coordinate programs under this title and
programs under title VI, if applicable; and
(B) provide an assurance that the State agency will pursue activities to increase access by older
individuals who are Native Americans to all aging programs and benefits provided by the
agency, including programs and benefits provided under this title, if applicable, and specify the
ways in which the State agency intends to implement the activities.

(23) The plan shall provide assurances that demonstrable efforts will be made -
(A) to coordinate services provided under this Act with other State services that benefit older
individuals; and
(B) to provide multigenerational activities, such as opportunities for older individuals to serve
as mentors or advisers in child care, youth day care, educational assistance, at risk youth
intervention, juvenile delinquency treatment, and family support programs.

(24) The plan shall provide assurances that the State will coordinate public services within the
State to assist older individuals to obtain transportation services associated with access to
services provided under this title, to services under title VI, to comprehensive counseling
services, and to legal assistance.

(25) The plan shall include assurances that the State has in effect a mechanism to provide for
quality in the provision of in home services under this title.

(26) The plan shall provide assurances that funds received under this title will not be used to pay
any part of a cost (including an administrative cost) incurred by the State agency or an area
agency on aging to carry out a contract or commercial relationship that is not carried out to
implement this title.

(27) The plan shall provide assurances that area agencies on aging will provide, to the extent
feasible, for the furnishing of services under this Act, consistent with self-directed care.
PLANNING, COORDINATION, EVALUATION, AND ADMINISTRATION OF STATE PLANS

Sec. 308
(b)(3)(E) No application by a State under subparagraph (A) shall be approved unless it contains assurances that no amounts received by the State under this paragraph will be used to hire any individual to fill a job opening created by the action of the State in laying off or terminating the employment of any regular employee not supported under this Act in anticipation of filling the vacancy so created by hiring an employee to be supported through use of amounts received under this paragraph.

Sec. 705, ADDITIONAL STATE PLAN REQUIREMENTS (as numbered in statute)
(a) ELIGIBILITY.—In order to be eligible to receive an allotment under this subtitle, a State shall include in the state plan submitted under section 307--
(1) an assurance that the State, in carrying out any chapter of this subtitle for which the State receives funding under this subtitle, will establish programs in accordance with the requirements of the chapter and this chapter;

(2) an assurance that the State will hold public hearings, and use other means, to obtain the views of older individuals, area agencies on aging, recipients of grants under title VI, and other interested persons and entities regarding programs carried out under this subtitle;

(3) an assurance that the State, in consultation with area agencies on aging, will identify and prioritize statewide activities aimed at ensuring that older individuals have access to, and assistance in securing and maintaining, benefits and rights;

(4) an assurance that the State will use funds made available under this subtitle for a chapter in addition to, and will not supplant, any funds that are expended under any Federal or State law in existence on the day before the date of the enactment of this subtitle, to carry out each of the vulnerable elder rights protection activities described in the chapter;

(5) an assurance that the State will place no restrictions, other than the requirements referred to in clauses (i) through (iv) of section 712(a)(5)(C), on the eligibility of entities for designation as local Ombudsman entities under section 712(a)(5).

(6) an assurance that, with respect to programs for the prevention of elder abuse, neglect, and exploitation under chapter 3—
(A) in carrying out such programs the State agency will conduct a program of services consistent with relevant State law and coordinated with existing State adult protective service activities for
(i) public education to identify and prevent elder abuse;
(ii) receipt of reports of elder abuse;
(iii) active participation of older individuals participating in programs under this Act through outreach, conferences, and referral of such individuals to other social service agencies or sources of assistance if appropriate and if the individuals to be referred consent; and
(iv) referral of complaints to law enforcement or public protective service agencies if appropriate;
(B) the State will not permit involuntary or coerced participation in the program of services described in subparagraph (A) by alleged victims, abusers, or their households; and
(C) all information gathered in the course of receiving reports and making referrals shall remain confidential except
(i) if all parties to such complaint consent in writing to the release of such information;
(ii) if the release of such information is to a law enforcement agency, public protective service...
agency, licensing or certification agency, ombudsman program, or protection or advocacy system; or
(iii) upon court order.
Sec. 305 ORGANIZATION
(a) In order for a State to be eligible to participate in programs of grants to States from allotments under this title—. . .
(2) the State agency shall—
(G)(i) set specific objectives, in consultation with area agencies on aging, for each planning and service area for providing services funded under this title to low-income minority older individuals and older individuals residing in rural areas;
(ii) provide an assurance that the State agency will undertake specific program development, advocacy, and outreach efforts focused on the needs of low-income minority older individuals; and
(iii) provide a description of the efforts described in clause (ii) that will be undertaken by the State agency; . . .

Sec. 306 – AREA PLANS
(a) . . . Each such plan shall— (6) provide that the area agency on aging will—
(F) in coordination with the State agency and with the State agency responsible for mental and behavioral health services, increase public awareness of mental health disorders, remove barriers to diagnosis and treatment, and coordinate mental health services (including mental health screenings) provided with funds expended by the area agency on aging with mental health services provided by community health centers and by other public agencies and nonprofit private organizations;
(6)(H) in coordination with the State agency and with the State agency responsible for elder abuse prevention services, increase public awareness of elder abuse, neglect, and exploitation, and remove barriers to education, prevention, investigation, and treatment of elder abuse, neglect, and exploitation, as appropriate;

Sec. 307(a) STATE PLANS
(1) The plan shall—
(A) require each area agency on aging designated under section 305(a)(2)(A) to develop and submit to the State agency for approval, in accordance with a uniform format developed by the State agency, an area plan meeting the requirements of section 306; and (B) be based on such area plans.

Note: THIS SUBSECTION OF STATUTE DOES NOT REQUIRE THAT AREA PLANS BE DEVELOPED PRIOR TO STATE PLANS AND/OR THAT STATE PLANS DEVELOP AS A COMPILATION OF AREA PLANS.
(2) The plan shall provide that the State agency will --
(A) evaluate, using uniform procedures described in section 202(a)(26), the need for supportive services (including legal assistance pursuant to 307(a)(11), information and assistance, and transportation services), nutrition services, and multipurpose senior centers within the State;
(B) develop a standardized process to determine the extent to which public or private programs and resources (including volunteers and programs and services of voluntary organizations) that
have the capacity and actually meet such need; …

(4) The plan shall provide that the State agency will conduct periodic evaluations of, and public hearings on, activities and projects carried out in the State under this title and title VII, including evaluations of the effectiveness of services provided to individuals with greatest economic need, greatest social need, or disabilities (with particular attention to low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas).

Note: “Periodic” (defined in 45CFR Part 1321.3) means, at a minimum, once each fiscal year.

(5) The plan shall provide that the State agency will:
(A) afford an opportunity for a hearing upon request, in accordance with published procedures, to any area agency on aging submitting a plan under this title, to any provider of (or applicant to provide) services;
(B) issue guidelines applicable to grievance procedures required by section 306(a)(10); and
(C) afford an opportunity for a public hearing, upon request, by an area agency on aging, by a provider of (or applicant to provide) services, or by any recipient of services under this title regarding any waiver request, including those under Section 316.

(6) The plan shall provide that the State agency will make such reports, in such form, and containing such information, as the Assistant Secretary may require, and comply with such requirements as the Assistant Secretary may impose to insure the correctness of such reports.

(8)(A) The plan shall provide that no supportive services, nutrition services, or in-home services will be directly provided by the State agency or an area agency on aging in the State, unless, in the judgment of the State agency—
(i) provision of such services by the State agency or the area agency on aging is necessary to assure an adequate supply of such services;
(ii) such services are directly related to such State agency's or area agency on aging's administrative functions; or
(iii) such services can be provided more economically, and with comparable quality, by such State agency or area agency on aging.

(12) The plan shall provide, whenever the State desires to provide for a fiscal year for services for the prevention of abuse of older individuals—
(B) the State will not permit involuntary or coerced participation in the program of services described in this paragraph by alleged victims, abusers, or their households; and
(C) all information gathered in the course of receiving reports and making referrals shall remain confidential unless all parties to the complaint consent in writing to the release of such information, except that such information may be released to a law enforcement or public protective service agency.

(22) If case management services are offered to provide access to supportive services, the plan shall provide that the State agency shall ensure compliance with the requirements specified in section 306(a)(8).
INFORMATION REQUIREMENTS

IMPORTANT: States must provide all applicable information following each OAA citation listed below. Please note that italics indicate emphasis added to highlight specific information to include. The completed attachment must be included with your State Plan submission.

Section 305(a)(2)(E)
Describe the mechanism(s) for assuring that preference will be given to providing services to older individuals with greatest economic need and older individuals with greatest social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas) and include proposed methods of carrying out the preference in the State plan;

Section 306(a)(17)
Describe the mechanism(s) for assuring that each Area Plan will include information detailing how the Area Agency will coordinate activities and develop long-range emergency preparedness plans with local and State emergency response agencies, relief organizations, local and State governments and other institutions that have responsibility for disaster relief service delivery.

Section 307(a)(2)
The plan shall provide that the State agency will --
(C) specify a minimum proportion of the funds received by each area agency on aging in the State to carry out part B that will be expended (in the absence of a waiver under sections 306 (c) or 316) by such area agency on aging to provide each of the categories of services specified in section 306(a)(2). (Note: those categories are access, in-home, and legal assistance. Provide specific minimum proportion determined for each category of service.)

Section 307(a)(3)
The plan shall
(B) with respect to services for older individuals residing in rural areas--

(i) provide assurances the State agency will spend for each fiscal year not less than the amount expended for such services for fiscal year 2000;

(ii) identify, for each fiscal year to which the plan applies, the projected costs of providing such services (including the cost of providing access to such services); and

(iii) describe the methods used to meet the needs for such services in the fiscal year preceding the first year to which such plan applies.

Section 307(a)(10)
The plan shall provide assurance that the special needs of older individuals residing in rural areas are taken into consideration and shall describe how those needs have been met and describe how funds have been allocated to meet those needs.
Section 307(a)(14)
(14) The plan shall, with respect to the fiscal year preceding the fiscal year for which such plan is prepared—
(A) identify the number of low-income minority older individuals in the State, including the number of low income minority older individuals with limited English proficiency; and
(B) describe the methods used to satisfy the service needs of the low-income minority older individuals described in subparagraph (A), including the plan to meet the needs of low-income minority older individuals with limited English proficiency.

Section 307(a)(21)
The plan shall --
(B) provide an assurance that the State agency will pursue activities to increase access by older individuals who are Native Americans to all aging programs and benefits provided by the agency, including programs and benefits provided under this title, if applicable, and specify the ways in which the State agency intends to implement the activities.

Section 307(a)(28)
(A) The plan shall include, at the election of the State, an assessment of how prepared the State is, under the State’s statewide service delivery model, for any anticipated change in the number of older individuals during the 10-year period following the fiscal year for which the plan is submitted.
(B) Such assessment may include—
(i) the projected change in the number of older individuals in the State;
(ii) an analysis of how such change may affect such individuals, including individuals with low incomes, individuals with greatest economic need, minority older individuals, older individuals residing in rural areas, and older individuals with limited English proficiency;
(iii) an analysis of how the programs, policies, and services provided by the State can be improved, including coordinating with area agencies on aging, and how resource levels can be adjusted to meet the needs of the changing population of older individuals in the State; and
(iv) an analysis of how the change in the number of individuals age 85 and older in the State is expected to affect the need for supportive

Section 307(a)(29)
The plan shall include information detailing how the State will coordinate activities, and develop long-range emergency preparedness plans, with area agencies on aging, local emergency response agencies, relief organizations, local governments, State agencies responsible for emergency preparedness, and any other institutions that have responsibility for disaster relief service delivery.

Section 307(a)(30)
The plan shall include information describing the involvement of the head of the State agency in the development, revision, and implementation of emergency preparedness plans, including the State Public Health Emergency Preparedness and Response Plan.

Section 705(a) ELIGIBILITY --

In order to be eligible to receive an allotment under this subtitle, a State shall include in the State plan submitted under section 307--
(7) a description of the manner in which the State agency will carry out this title in accordance with the assurances described in paragraphs (1) through (6).

(Note: Paragraphs (1) of through (6) of this section are listed below)

In order to be eligible to receive an allotment under this subtitle, a State shall include in the State plan submitted under section 307--

(1) an assurance that the State, in carrying out any chapter of this subtitle for which the State receives funding under this subtitle, will establish programs in accordance with the requirements of the chapter and this chapter;

(2) an assurance that the State will hold public hearings, and use other means, to obtain the views of older individuals, area agencies on aging, recipients of grants under title VI, and other interested persons and entities regarding programs carried out under this subtitle;

(3) an assurance that the State, in consultation with area agencies on aging, will identify and prioritize statewide activities aimed at ensuring that older individuals have access to, and assistance in securing and maintaining, benefits and rights;

(4) an assurance that the State will use funds made available under this subtitle for a chapter in addition to, and will not supplant, any funds that are expended under any Federal or State law in existence on the day before the date of the enactment of this subtitle, to carry out each of the vulnerable elder rights protection activities described in the chapter;

(5) an assurance that the State will place no restrictions, other than the requirements referred to in clauses (i) through (iv) of section 712(a)(5)(C), on the eligibility of entities for designation as local Ombudsman entities under section 712(a)(5);

(6) an assurance that, with respect to programs for the prevention of elder abuse, neglect, and exploitation under chapter 3

(A) in carrying out such programs the State agency will conduct a program of services consistent with relevant State law and coordinated with existing State adult protective service activities for-

(i) public education to identify and prevent elder abuse;

(ii) receipt of reports of elder abuse;

(iii) active participation of older individuals participating in programs under this Act through outreach, conferences, and referral of such individuals to other social service agencies or sources of assistance if appropriate and if the individuals to be referred consent; and

(iv) referral of complaints to law enforcement or public protective service agencies if appropriate;

(B) the State will not permit involuntary or coerced participation in the program of services described in subparagraph (A) by alleged victims, abusers, or their households; and

(C) all information gathered in the course of receiving reports and making referrals shall remain confidential except

(i) if all parties to such complaint consent in writing to the release of such information;

(ii) if the release of such information is to a law enforcement agency, public protective service agency, licensing or certification agency, ombudsman program, or protection or advocacy system; or

(iii) upon court order.
INTRASTATE (IFF) FUNDING FORMULA REQUIREMENTS

Each State IFF submittal must demonstrate that the requirements in Sections 305(a)(2)(C) have been met:

OAA, Sec. 305(a)(2)
“States shall, in consultation with area agencies, in accordance with guidelines issued by the Assistant Secretary, and using the best available data, develop and publish for review and comment a formula for distribution within the State of funds received under this title that takes into account--
  i) the geographical distribution of older individuals in the State; and t
  ii) the distribution among planning and service areas of older individuals with greatest economic need and older individuals with greatest social need, with particular attention to low-income minority older individuals.”

• For purposes of the IFF, “best available data” is the most recent census data (year 2010). More recent data of equivalent quality available in the State may be considered.
• As required by Section 305(d) of the OAA, the IFF revision request includes: a descriptive Statement; a numerical Statement; and a list of the data used (by planning and service area).
• The request also includes information on how the proposed formula will affect funding to each planning and service area.
• States may use a base amount in their IFFs to ensure viable funding across the entire state.
