I’m working again, but I still can’t afford my MEDICARE COSTS… Is there any HELP out there for me?

YES! If you are a working person with a disability under 65 and on Medicare, the Qualified Disabled Working Individuals Program (QDWI) may help you!

QDWI is a Medicare Savings Program that may help pay some Medicare costs for low-income working individuals with a disability. If you are single with a monthly income of about $4,000 (or married with a combined monthly income of about $5,200), this program may help you.⁴
